MAY DAY

In Guantanamo and India; in China and the Zionism's claws...in the CIA's clandestine jails, thousands working class' prisoners are rotten in the dungeons of the bourgeois regimes

AGAINST THE CATASTROPHE AND BANKRUPTCY OF THE WORLD CAPITALISM, THE INTERNATIONALIST SOCIALIST REVOLUTION MUST TRIUMPH

1886: The Martyrs of Chicago

BRAVE REVOLUTIONARY SPEECHES FACING
TRIALS FABRICATED BY THE
CAPITALISTS

"...I don't fight capitalists individually; I fight the system that gives the privilege. My most fervent wish is that workers know who their enemies are and who their friends. I disdain whatever other thing: I disdain the power of an unfair government, his police, and spies."
(Jorge Engel)

"...But if you believe that by hanging us you can contain the worker movement, such constant movement where millions of workers living in misery, slaves of the salary are agitated, if you expect the salvation and believe it: hang us...! here you find us on a Volcano and here and there, every where the revolution is in ferment" (Augusto Spies)

"...the verdict of the American people and the whole world will be on your verdict to prove your injustice and social injustices that lead us to scaffold; the popular verdict will remain to say that the social war doesn't end up for a small matter." (Albert R. Parsons)

"Give us an increase in salary or we'll kill the managers!" (South Africa). The Martyrs of Chicago haven't die for nothing, millions of workers have continue their struggle

2013: The world working class has given huge revolutionary combats

*"The 1% de parasites of Wall Street rob the world!"
"We must fight like in Egypt" (Wisconsin-USA)*

*"If our children suffer hunger, yours will shed blood!"
"Our dreams don't fit in your ballot box, long live the Republic of the indignados!" (Spanish State)*

*"Spark in Athens, fire in Paris, it is the insurrection coming!"
(Greece)*

North America, NATO, Hezbollah and Al Assad massacre in Syria and guard the borders for the sake of Zionism! "Today Libya, tomorrow Wall Street!" (North of Africa and Middle East)

May 1^o: the martyrs of the working class by thousands have been massacred in the Syria's streets. Meanwhile, the WSF have fenced and isolated the Syrian revolution, the genocidal Al Assad makes the dirty work on account of the imperialism

WHO HAS SAVED THE PROLETARIAT'S EXECUTIONERS?

**YESTERDAY, Stalinism selling out the USSR, China...
as today is doing with Cuba to imperialism**

**TODAY, the labor bureaucracy and reformism centralized
their forces in the World Social Forum**

**ALL THE LEADERSHIPS PAID BY CAPITAL SUSTAIN
THE EXPLOITERS' CITADEL OF POWER**

WITH THESE LEADERSHIPS IT IS NO LONGER POSSIBLE TO FIGHT!

**It's necessary to conquer the
pre-requisites for the victory!**

**FOR THE RE-FOUNDATION OF THE
IV INTERNATIONAL!**
